ENGLISH UG

The recently introduced CBCS syllabus by Calcutta University has given primacy to interdisciplinarity so that emphasis is not only on English language and literature but also on world literature, from Classical to Contemporary. The course is inclusive and holistic, enhancing ability, skill apart from their core discipline. New additions like literary theory, autobiography, partition literature, popular literature, text & performance (to name a few) have broadened the scope for better career in higher studies. Skill enhancement in business communication, academic writing, ELT shall endorse their writing and communication proficiency, a requirement in all stages of life. Interested students might pursue in higher studies in their preferred area, while others might opt for jobs with honed communication abilities.

HISTORY

The current CBCS syllabus with its multi-disciplinary and holistic approach towards education offers students the opportunity to hone their skills and develop competencies not only in their areas of specialisation but also in other disciplines according to their aptitude. Thus a student with a degree in History can develop skills that are applicable to a wide range of careers such as law, publishing, journalism and the media, librarianship and archival work, advertising, tourism, heritage study, public administration, etc. Graduates in History can also work as museum curators, archaeologists, civil servants and teachers. In addition to using their training for such broader professional purposes, students of History can pursue higher studies and become academicians, historians and history experts. Studying History provides students with the analytical skills to critically assess the past and find connections with the events and ideas of the present – thereby allowing them to envision a better future.
