

DEPARTMENTAL ACTIVITY: AUGUST 2023

NAME OF EVENT : DEMONSTRATION LECTURE

DATE: 21st AUGUST, 2023

VENUE: ROOM 309

TOPIC: Demonstration Lecture on Seed Pencil

SPEAKER: Mr Rahul Chakraborty, Director, Integrated Institute for Advanced Research and Information

NUMBER OF PARTICIPANTS : 60 students of Sem 1 and 5 officials of IIARI

CO-ORDINATOR: Dr Nivedita Roy Barman

OUTCOME: An innovative eco-friendly pencil made from recycled paper which has different types of germinating seeds enclosed inside a capsule at the tail end of the pencil which can be sharpened and used as a normal pencil and after using can be planted in a pot at 45 degree angle for it to grow into a plant. This product was gifted to the students of the department by IIARI in order to make them environment conscious by using biodegradable products and also to sensitize them on nurturing for nature.
