

NAME: Alumni Interaction

Organized by: Department of BOTANY

DATE: 14.05.2026

VENUE: Department of Botany, Shri Shikshayatan College, Kolkata

Resource Persons: Smt. Sanghamitra Hazra and Smt. Krittika Choudhury, Final Semester Student of M.Sc. Ballygunge Science College, University of Calcutta

No. of Participants:

Students: Semester 4 and 6 (Major) Students (37 Students)

Brief Description: The two former students of the Department interacted with the current students regarding the career options and preparation for various competitive examinations after graduation. The former students also presented a brief summary of their current research work.

Outcome: The interaction enhanced present students' idea on the current scenario of competition and also guided them for preparation of their future endeavour. The two former students of the Department discussed their current research with the present students which was highly motivating for all the students especially those in the final year. This kind of interaction opens up a channel for future interaction and exchange with the students of the department across the batches.
