

# Report on Earth Day Celebration, 2025

---

Date: April 21, 2025

Time: 11:40 AM – 12:40 PM

Venue: Shri Shikshayatan College, Room 303

The **Committee of Environment and Sustainability (ComEns)** of Shri Shikshayatan College, in collaboration with the **Botanical Survey of India, Kolkata** organized an event to commemorate Earth Day on **April 21, 2025**. The highlight of the programme was an insightful lecture on 'Mission LiFE'—an environmental initiative launched by the Hon'ble Prime Minister to promote sustainable living practices. The programme was attended by 91 students and 20 faculty members.

Mr. Arko Banerjee, the keynote speaker, delivered a compelling address that traced the origins and global significance of Earth Day. He elaborated on the environmental challenges posed by pollution and the urgent need to adopt eco-conscious lifestyles. Mr. Banerjee discussed the objectives of the Mission LiFE initiative, which was introduced in 2021, emphasizing its core principles of sustainability and community responsibility. The lecture underscored practical, everyday steps individuals can take to protect the environment—such as the principles of “Reduce, Reuse, Recycle,” minimizing e-waste, and shifting away from single-use plastics. Mr. Banerjee's comment on the unchecked human population being a 'cancer to biodiversity' sparked meaningful reflection among the audience.

The session concluded with an engaging Q&A, where students interacted with the speaker, seeking clarity on how they can contribute effectively to environmental preservation. The committee extended a heartfelt thanks to the college management, the Botanical Survey of India, and all facilitators for their invaluable support in making this event a success.

## Event Highlights

Mr. Arko Banerjee, the keynote speaker, delivering his presentation
