**Nightingale Hospital**  
**8420291730**

☐ Brief description of the event : **The programme had been designed to provide the students and staff of the college the opportunity to have their eyes tested by personnel from Nightingale Hospital. The tests comprised of both the conventional letter board eye test and by auto-refractometer, the latter for those who needed so.**

☐ Outcome **Testees became aware of their eye condition. Apart from eye power, some of them had other eye issues which got diagnosed. Some of them were recommended further investigation or spectacles.**

☐ Photographs (2 Geo tagged)
