

Factory Visit Report

- Name of the event: Visit to Diamond Beverages factory in Kolkata.
- Organized by: Depart of Chemistry, Shri Shikshayatan College
- Date: 17/01/2025
- Venue: Diamond Beverages factory, Taratala
- Number of participants:
 - Students: 23
 - Faculty: 03
- Resource persons: N.A.
- Brief description of the event: First and third semester Chemistry major students were taken to visit the Diamond Beverages factory in Taratala. After attending an enriching presentation on details of the work done in the factory, the students were shown the various steps of the production process carried out in the factory and allowed to ask relevant questions on them.
- Outcome: Students gained meaningful insights into the production of common beverages that they consume, including Maaza and cold drinks. All students actively interacted with factory personnel and gained immense practical knowledge on the working of an industrial unit.
