Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

Srl. No.	Observation / Suggestions
1	Teacehrs are good. They makes us understand every topic in the best possible manner. Overall my learning experience experience is good happy with my teachers
2	The teaching-learning experience in our institution is really good.
3	...
4	.
5	Teachers should also provide help over phone by whatever means before end sem exam but after the session has ended
6	nothing much
7	<ol style="list-style-type: none"> 1. some teachers only make us copy things from the book through out the session! 2. uncertainty in class schedule. please tell before hand if the teacher will be taking the class or not.only sharing the college timing is not enough! 3.student select this college mainly for placement and we do not get enough opportunity here. which is so frustrating tbh.
8	<p>Few teachers are unable to cover their topic or explain it in detail.</p> <p>There are approximately 3-4 teachers for every subject, if that could be reduced, it would be better.</p> <p>We have too many combined classes and at time, we miss out on some topics because of the same.</p>
9	<ol style="list-style-type: none"> 1. Give real life examples 2. revise previous class topics 3. more practical and less theory
10	The washroom need to be improved
11	#NAME?
12	<ol style="list-style-type: none"> 1. The teachers should try to complete the syllabus on time . 2. The teachers should teach the concepts in a practical way so that it's easier to understand. 3. They should provide ppts which they use to students so that we can study through it
13	NA
14	<ul style="list-style-type: none"> â€¢ Maintaining a schedule so that we can follow it accordingly. â€¢ Getting notified in time whether there are no classes/ classes in specific time period. â€¢ Question answer discussion periods.
15	<ol style="list-style-type: none"> 1. I would encourage more class interaction and discussions instead of old fashioned teaching of just jotting things down in my notebook . 2. Not starting all the chapters of a particular subject together as we find great difficulty in interpreting and relating them.
16	<ul style="list-style-type: none"> â€¢ Teachers are helpful and understanding. â€¢ Teaching way of teacher is amazing. â€¢Teacher always motivates us.

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

17	Everything is good
18	<ol style="list-style-type: none"> 1. If possible explain the chapters in depth with real life examples specially Law. 2. If possible explain the concept of each chapters instead of just making us write huge paragraphs for mcq papers.
19	<ul style="list-style-type: none"> â€¢The teachers should be more interactive â€¢the canteen food is very poor and it's always over crowded. Food is never available â€¢students should be allowed tiffin break
20	<ol style="list-style-type: none"> 1. It would be helpful if a specified study material is prescribed to followed during the class, this would save a lot of dictation time which could be spent on more discussions on the topic and solving more sums. 2. It would be very beneficial if we had hybrid lectures (those who learn better in the physical mode can sit in the classroom and those who have tuitions can still attend the college lectures by saving on the transportation time) 3. All Students should be encouraged to share their ideas on a topic and ask more questions which will help us think more deeply about the topic and benefit from the knowledge of our peers. (Intially just ask everyone to share whatever they know and once the students become comfortable they would themselves want to speak up in class)
21	<p>Use ICT tools and digital gamebased learning.</p> <p>Use some study charts.</p> <p>Be friendly with students and create a proper Atmosphere and social climate.</p>
22	<p>FOCUS ON THE PRACTICAL APPLICABILITY OF CONCEPTS</p> <p>STUDENTS PARTICIPATON OR GROUP DISCUSSION</p> <p>APPLICATION OF CREATIVE SKILLS</p>
23	<ol style="list-style-type: none"> 1.The teachers can conduct question /answers sessions in the class for better preparation of students examination 2. Modules can be shown to students related to important subject topics
24	The teaching facility is good.
25	I'm satisfied
26	the teacing is overall good
27	<ul style="list-style-type: none"> â€¢ Should use presentations more often â€¢ Should cover all topics properly â€¢ Teachers should differentiate chapters of one subject, sometimes it feels very haphazard â€¢ Giving VACATIONS is very important, students can't travel for hours in the scorching heat
28	<p>Will explain that topic and point.</p> <p>Send the notes to everyone</p> <p>Equality</p>
29	I think teachers more often should use projectors for better understanding of concepts.
30	Teaching should also be done in the projector .

33	â€¢ Sometimes using of lcd projector
34	â€¢ Revisions in form of quiz, presentation, group division.
35	no suggestion
36	<ol style="list-style-type: none"> 1. Professors tend to cancel classes or not be present in college on short notice. While this is acceptable for the reasons they have it would be appreciated if students could be informed a day prior or before they arrive at college. 2. The library staff are often very loud and have personal discussions within the library. 3. A lot of the allotted classrooms have boards that wont function making it difficult to have classes there.
37	More interactive with the students
38	<ol style="list-style-type: none"> 1. Professor's can use the ICT tools more to show us the real life example and make it a more interactive and communicative class. 2. More of research based activities should be given to us, the students to get more involved into the subject and to expand our knowledge 3. Like we had in schools, I feel we can have group research activities each week, for a subject one topic, that we develop the collaborative working or peer working more.
39	<ul style="list-style-type: none"> * I would appreciate if the teachers tried to connect to a student and helped in the areas the students are struggling, however only a little fair amount of teachers do that. * Implementing more Practical and visual learning. * Exposure to foreign programs and workshops.
40	Good
41	<ol style="list-style-type: none"> 1. Pages after pages of notes are not really needed for a mcq paper 2. Notes are given from the books which everyone has 3. Very often we students dont attend classes because we are not willing to, not even for attendance! Few classes needs to be a bit more intersting apart form just writing notes
42	. More use of the projector.

46	1)We don't have routine(morning batch) 2) we should have our classes in particular rooms
47	1. Inter department and inter college seminars 2. Organising College Fests
48	Nil.
49	Every thing is fine and well organised
50	It's perfect from all aspects, no changes required.
51	they should start using the mic and projectors
52	N/A
53	1. A little use of technical education at times.
54	It is very good
55	I THINK THERE IS NOTHING TO IMPROVE AS TEACHERS ARE DOING VERY WELL TO MAKE US SCORE GOOD
56	Nothing as such
57	I am quiet satisfied with mostly all of my professors. But if it was possible for all our professors to complete our syllabus a bit more than what they can usually able to complete then it would have been a little more helpful for us
58	1. Proper use of infrastructure provided 2. A proper routine should be followed for the classes
59	3 suggestions- 1. Few professors are wrong with their facts. They should improve this. 2. Teachers themselves come late to class, waste time and in the end say there was no time to complete syllabus. If punctuality is expected from us then why not them? 3. Few teachers don't use the mic provided. Half of the times it doesn't work.
60	Try to complete the syllabus efficiently. The objective should not be just completing on time
61	1. Use ICT tools more often. 2. Communication between the professors and students should be improved.
62	* Use of ICT tool. *Communication between the professor and students should improve.
63	Use ICT tools Communication between professor and students should improve
64	1.Adopting more objective and practical method of teaching. 2.Making the class more interactive. 3.Making the learning process more enjoyable.
65	1. Professors made the theoretical portion very clear, practical knowledge would do wonders (eg, on-site visit in a factory) 2. Making the class more interactive 3. Making the learning process more enjoyable.
66	Somewhat Nice

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

67	<ul style="list-style-type: none"> 1. Teacher's method of teaching is good . Theory base is clearly communicated but practical knowledge should be encouraged . Eg (on- site visiting like factory) 2. Making the class more interactive 3. Making the learning process enjoying
68	<ul style="list-style-type: none"> I would really like to extend an earnest request to the respective department to look after the cleanliness of the toilets . Availability of proper food in canteen
69	More explanations can be done on a particular topic
70	<ul style="list-style-type: none"> 1. Teachers should make the subjects much more interesting to us, or else it become very boring in the theoretical related classes. 2. Teachers and students bond or communication need to be much more effective.
71	My learning experience in this college is so far good.
72	<ul style="list-style-type: none"> 1. To specify the syllabus and contents of the chapters 2. To solve the technical issue of microphone in classrooms 3. To provide a proper schedule for classes
73	<ul style="list-style-type: none"> To specify the syllabus and discuss the possible questions To provide the study material required in the form of pdfs To have a proper schedule for classes
74	No
75	<ul style="list-style-type: none"> . Having more interactive sessions on subjects. . Solving university sample questions. . Give more guidance on scoring high in exams.
76	Over all its well but it needs live more effort and classes tp complete the whole syllabus
77	<ul style="list-style-type: none"> . Inprove interaction and friendly teaching with real life examples. . Provide us with sampke answers suitable for scoring good marks and performing well. . Teaching a little slowly so that all students can catch up with teachers pace and use of digital projectors and multimedia for teaching should be there.
78	I am very much satisfied with the teaching-learning process of the teachers.
79	<p>The overall teaching is very good but i feel that the duration of each lecture is too much, so the attention span and interest gets lost in the middle. So this duration should be less, at least 40 mins will be okay.</p> <p>I feel the college hours are too much like from 9:40 to 5:10, somedays. so many, cannot do other activities, as most time is getting drained there. Lots of internship opportunities are lost, because of time management and constraints.</p>
80	Informed about if we won't be having a class
81	<ul style="list-style-type: none"> Teachers are very helpful All the notes provided are very much useful
82	<ul style="list-style-type: none"> 1. Canteen services can be better.

83	<ol style="list-style-type: none"> 1. Use of more diagram 2. Take students to the lab
84	The online classes should be kept at a little flexible timings and breaks should be there.
85	<p>Teacher's explain well Explain with an example Projector are used rarely</p>
86	<ol style="list-style-type: none"> 1. Mandatory syllabus completion 2. More questions and answers from chapters and question papers to be worked out 3. More coordination among the teachers.
87	The teaching is greate
88	1. Teachers should communicate more with the students apart from studies.
89	<p>The teachers should be more empathetic towards the students. The mental health of students should also be taken into consideration Teachers should help students instead of targeting them during classes, this wastes the time of the class and also bring down the students self esteem. An incident happened where a teacher pointed out a girl's dress stating it was inappropriate and humiliated her for wearing sleeveless top, eventhough the dress did not violate the college dress code and was quite decent.</p>
90	<ol style="list-style-type: none"> 1. Professors should be more empathetic and friendly towards us. The mental health of students should also be taken into consideration. Teachers should stop targetting students who have difficult time in paying attention in the class and handle the situation calmly rather than shouting and embarrassing the student in the class which has a negative impact on mental health. 2. Teachers should not UNNECESSARILY comment on the outfit of the student when it was clearly not violating the dress code. An incident happened in sec A when a teacher negatively commented on the outfit of a girl which did not even violate the dress code, in between her lecture. 3. There should be a proper recess time since we're neither allowed to eat in the class, and going to the canteen sometimes result in missing the class completely
91	Nothing everything is fine
92	<p>The ratio of 1 professor for 150+ students is too high. The microphone doesn't work properly so as to reach the voice of the professor to the last bench.</p>
93	Teacher's should be frank with the students.
94	#NAME?

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

95	<p>All teachers should involve different modes of teaching like showing movies or videos or ppts related to a topic</p> <p>Class timings need to be max 45 minutes because nobody can concentrate for 1 hr, especially for 2 consecutive classes.</p> <p>Comprehensive notes, at least in bullet points , should be dictated.Only a handful of teachers do that.</p>
96	<p>I PERSONALLY DON'T THINKS THERE IS ANY NEED ,BECAUSE THIS COLLEGE IS PERFECT IN EVERY KIND AND THAT WAS THE ONLY REASON I CHOSE THIS COLLEGE OVER OTHER COLLEGES.THE TEACHER PROVIDE US ALL THING AND THEY ALSO DID A GREAT WORK IN ONLINE MODE.</p>
97	<ol style="list-style-type: none"> 1. A lot of students are unable to understand what is being taught. So, teaching in a simpler manner would help. 2. If the teachers could be a bit more student-friendly so that the students could choose subjects for their exams from the choices that are given to the students only by UGC or the University. It would be better if the students were not burdened with the papers that they don't want to opt for in the exams. 3. If the teachers could be more specific with announcing dates and timings. Some students have to travel for 2-3 hours to reach college. Announcing that a class will be taken 2 or 1½ hours prior the class is difficult for some students to manage. Or asking the students to come for viva at 10:30 am and being 1 hour late to begin with it and the teachers having a meeting for 1 - 1½ hours in between the time scheduled for viva and making the students wait for hours becomes difficult for some students to manage with the schedule. If such situation arises then it would be great if the teachers arrange for 2 slots for viva - one before they have a meeting and one after they have the meeting.
98	<p>The communication skills between the teachers and students must improve.</p> <p>Syllabus and assignments must be given beforehand so that Students must get time to prepare.</p>
99	<ol style="list-style-type: none"> 1. More power point presentation is preferable. 2. More of rote learning is needed than pdfs.
100	<p>Equal focus on every student</p>
101	<p>*It would be great if the teachers could incorporate important PYQs in the notes they provide.</p>
102	<p>LCD Projector should be used more</p>
103	<p>Teacher should teach elaboraty for practical papers</p>
104	<ul style="list-style-type: none"> * More emphasis on soft skill and hard skill development. * Interactive seminars

133	<p>Better understanding that not every student is from the same educational background.</p> <p>Some can be slower than others and ask "silly" questions</p> <p>Please be approachable without risk of humiliation .</p>
134	None
135	<p>Prior knowledge of classes that will not happen. So that we don't waste our time waiting for the teachers. Better general subject help. Statistics general is awesome however Math general is subjectively very bad. A better notice board online. Messages in WhatsApp often get lost.</p>
136	<ol style="list-style-type: none"> 1. For Geography, the faculty for GIS should be changed as the marks in that very paper is not satisfactory enough. The teacher seems somewhat inexperienced and is not capable a& friendly enough to teach the course confidently. This needs action because GIS is pursued as a career by major Geography students and students getting backlog in the very last year, can make their future suffer 2. In Education (Generic), more emphasis should be given on explaining the concepts rather than just dictating or giving notes.
137	Well good

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

138	The ambience provided is good. So not much to be improved.
139	Teaching learning process is highly satisfactory..
140	If possible more interactive classes More use of LCD projectors sessions on career counseling
141	1. ACADEMIC EXCURSION TO KNOW THE PRACTICAL APPLICATIONS OF THE SUBJECT
142	If professors could explain the topics more extensively, then the classes would seem more helpful. Time needs to be given, a lot more time, for each chapter of each topic. There is ALWAYS a time limit, it's often ridiculous how teachers don't try to consider the students' perspectives and do as per their own schedules. There have been innumerable times when we have been sitting in our class for the professor to arrive, and 40 minutes in, they text us saying they aren't present, so the class is cancelled. We never have enough time to study, it's either internals, or tutorials, or semester exams. The in-between time period to study gets so short, and above that a lot of notices are released very late, which makes our schedule even more crammed. Giving more attention and patience to each topic is needed from us.
143	More activities to be included Sports day to be inculcated in the curriculum
144	Try to reach every student and ask for their doubts
145	I would miss the college cause of the unique experience
146	Teachers don't require any modification,they give their best to make us understand
147	helpful teachers. nice teachers. kind.
148	Teaching is good
149	* some teachers in our department just read out power point slides which kind of makes the class boring, would appreciate if practicality should be involved more in those classes
150	Nothing like that such
151	1.CREATE A WELCOMING ENVIRONMENT. 2.ENCOURAGE COOPERATIVE LEARNING. 3.USE OF MIND MAPS AND TOOLS FOR BETTER UNDERSTANDING.
152	Great learning experience
153	1. Tha canteen facilities should be improved and something should be there inside the college campus.
154	more use of ppt should be used class durations are too tiring
155	Everything is well and satisfying and perfect teaching environment

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

156	<ol style="list-style-type: none"> 1. Firstly teachers should focus on every student equally rather than just focusing on the intelligent and regular ones. 2. Stop Dictating written notes from internet rather use the projector or give hard copies which will save time and help complete the syllabus easily. 3. A recap after the completion of each unit.
157	<p>Library should be open during college timings Proper timetable should be provided and followed Its difficult to hear teacher at the back of the class</p>

159	<p>Reduce the syllabus Provide placement opportunities Improve teaching</p>
160	T
161	Everything is good.
162	The smart boards could be used more often.
163	Good
164	<p>Teachers should communicate more in English They shud try to be slow sometimes while reading Can use simpler word sometimes to explain certain things Should give notes</p>
165	<p>Few of more practical classes More interaction and discussions Proper communication in the classroom</p>
166	Everything is ok
167	<p>You know there's a natural tendency of the students to hesitate to ask some questions when the topic is already over 2-3 days before. So if a student asks something regarding the topic, the teachers should learn to be good listener and problem solved rather than lecturing the latter. Teachers should not mock the students if the students were absent due to personal matter, sickness or death of a near relative, saying they have listened the same excuse from time to time. We're grown adults and we're not to be questioned about the intense details about the reason for the absence as it's in our own personal space.</p>
168	Teaching facility is very good
169	<p>More lab and practical works should be done Practical concepts of mass communication and journalism are not clear , more practice and thorough understanding of practical journalism is required</p>
170	no suggestions. I'm happy with the way of teaching.
171	<ul style="list-style-type: none"> * All of the classes should be taught through presentations. * The visual representation will help in better learning. * All of the classes should have a fun interactive session in the end to promote better learning.

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

172	I wouldn't think of any such improvements as the Teaching Faculty is absolutely great
173	. Teachers should provide us with proper notes .Teachers should use the projectors to explain us the subject
174	1.College should bring experience teacher 2. PTM should be held 3. Teachers should not take extra class other that schedule time
175	â€¢We should be provided notes regularly so that we prepare for the exams in depth.
176	No suggestions
177	Everything is perfect
178	THE TEACHING IS GREAT IN OUR HISTORY DEPARTMENT. TEACHERS AMD HOD IS GREAT AND IF ANY IF THR CLASSES ARE MISSED BECAUSE OF ANY SITUATION THEY DOES EXTRA CLASSES TO COPE UP.
179	Practical knowledge is very important which the teachers are not providing. Moreover the economics department needs a good econometrics teacher. And completing the syllabus shouldn't be the only job of the teachers. Making the students understand atleast the 40%of the syllabus is better than just projecting the entire syllabus . Please if you guys are asking for our honest reviews and we are doing so ,then try to work on them.
180	NIL
181	1. Use of more visual representations should be bought to use. 2. In few classes, the concepts should be explained well.
182	Nothing to say
183	â€¢The teachers should use ICT facility provided by the Institute.

374	1) Faculty is good 2) Teachers are helpfull 3) Should allow the student to use the campus
375	1. I think it would be better if there are less number of students in a class. That way individual attention could be imparted to all of them. A classroom of 70 students is too much in my opinion. 2. Some students are socially anxious and need to be made comfortable in a social situation of less people first to be able to feel free and express themselves and therefore improve their studies. They would need extrtra attention, I feel. Once they get a hang of it they can tackle being in a more social situation. 3. (This one is not from a personal experience btw but I will still say) I think, if the students are treated with respect, they ill respect the teachers back. When we do something wrong or are stammering, or are laying bare their vulnerable sides, I feel, it would make a huge difference if the teachers tried to understand the student's perspective and not just scold her. I'm not saying we need to be treated as royalties, but scolding us makes us feel disrespected. It makes us defensive and mostly rebellious, with only a small percentage of student actually listening to the scolding and trying to improvise-- not out of love & respect though, but out of fear. I have had teachers here who respects us and have therefore earned our respect too. They make us comfortable and become our safe place. When they tell us (not 'scold' but 'tell') to improve or change something, we do that out of love, respect and no hard feelings.
376	1. Notes should be provided in a more understandable language and not just bookish words. 2. 407	Internals should not have full syllabus for 10 marks Teachers should teach after internals as there is at 1 and a half months time left before end sem Even if the syllabus is complete they should revise concepts
408	good college
409	* More use of ICT tools * More interaction between teachers and students * Monthly exams
410	There are a few teachers who practice favouritism towards students who practice flattery towards them. Whereas, in reality, don't even respect them. I think that should stop. In case there is a change in the scheduling of classes, the teachers should inform on time rather than informing on last minute. This creates problems for everyone and some students, who live far away, even have to miss classes due to this. There are times when the microphone doesn't work properly which makes it difficult for the students, sitting farther away from the professor, to listen to them properly.
411	nothing
412	- Professors need to be more revised with the syllabus. - Professors need to communicate with more in depth knowledge to clear doubts of the students. - Professors need to be more patient with the students and maintain a distinct boundary and decorum du
413	1. Give opportunity to students other than the CRs too. 2. Make the learning and discussions a 2 way process, where every student is interacting. 3. Remove DSE B4 from English department.
414	Using more videos as examples for teaching. More interaction. Less pressure.
415	NO COMMENTS
416	Nothing much to say.
417	1.take students on excursions picnics and educational tours 2.hold concerts 3.different competitions should be held in the auditorium
418	1. utilise the latest technology 2. make teaching a two way interaction 3. encourage teamwork
419	No improvement
420	*Teachers should make use of the white board *Teachers should discuss the probable questions *Should conduct tests in class

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

421	Need more interactive sessions Extra activities More focus on practical life
422	Hhh
423	more interactive sessions by dividing the students into groups for the ones who have the fear to talk in front of a huge number of people giving a weekly assignment and demanding it for a check from every student
424	Great teaching. Explaining the doubts very patiently.
425	No as such suggestions to be given.
426	1. More real world application based examples can be included in the lectures. 2. Students should be given ample time to revise and cope with their syllabi. 9:40am-5:10pm continuous classes become too hectic to do anything after returning home. 3. After completion of each chapter, interactive sessions like quizzes, debates, extempore can be conducted to make learning more interesting.
427	1. I have nothing specific to suggest on the teaching learning process. 2. I'm mostly satisfied with the teaching .
428	*It would be a great help if professors can arrange interactive sessions like group discussions or debates among students on certain topics. It will help them to have self judgement more. *Professors might consider group study and teamworks. *Active learning should be arranged quite frequently, not only once a year.
429	No improvement requiried in the learning process. I feel that the teachers know their job and teaches us very well and are quite helpful regarding our doubts.
430	* using internet while teaching, some sites or Youtube to give better examples * taking remedy classes if portion is incomplete or students were unable to understand certain topics * recorded lectures
431	Study in various methods which makes the concept even more easier.
432	I DON'T HAVE ANY SUGGESTION.
433	It is okay.
434	Teachers need to learn to respect the students
435	Infrastructure and teaching facilities are overall good
436	I am almost satisfied with the teaching learning process.
437	Faculties are good, so no improvement is required
438	I'm totally satisfied by the way of teaching by our teachers
439	No improvement is required
440	1. It would be really helpful if teachers took a revision test after completing every chapter. 2. Since there are too many students, individually focusing on each of them becomes a problem for the teachers. Student teacher ratio is not very great at the moment. 3. Mentoring of students under a specific teacher individually or in a group since the pressure of academics make students demotivated and anxious.

Give three observation / suggestions to improve the overall teaching learning experience in your institution. (Please write your answer in bullets)

441	Give a little bit of more emphasis on extra co-curricular activities . Little less classes and pressure upon students. More exposure to social activities.
442	taking tests after completing syllabus it would help us prepare for exams well
443	More extracurricular activities. Counselling regarding professions.
444	Overall I'm somewhat satisfied with my college faculties.
445	Interactive class
446	more rooms should be available for students Canteen should have more staff so that food is provided on time The projector sometimes malfunctions
447	1. Weekly Practical classes should be held. 2. Offline Seminars should be provided as they are more effective than online ones. 3. Internships should be provided for ba/bsc honours batches which apparently isnt provided as of now.
448	. The teachers try their level best to complete their syllabus and take as many classes as possible to help us score marks
449	1. the students should be allowed to use digital means such a laptops or tablets in classrooms to take notes and study. 2. it would be better if we are allowed some time for self study at home instead of practical submission workload and homework. 3. if there are extra or cancelled classes the students should be informed a day prior to avoid missing them or wasting time.
450	All is good
451	SHOWING OF INTERNAL PAPERS TO STUDENTS TO IDENTIFY WEAKNESS FINISHING THE SYLLABUS AT A SLOWER RATE
452	More focus on real life applications of the course More focus should be there on real lifework training Classes should be more interactive with the students
453	To take care of the teaching learning process(specially the practical part) that took in online semesters because the students were unable to understand the practical part.
454	. Teachers can use electronic white boards
455	By providing 5 minutes break after each classes. Be more friendly and cooperative. Having proper timetable.
456	Every teacher is very good at teaching but one thing that want to tell that sometime teacher have to know students weaknesses and hive extra effort to her
457	no improvement needed all good
458	Teachers are well experienced They interact with us and know how and where to assist us Board should be cleaned regularly so that the projector becomes more visible

459	- time span of classes should decrease... It's hard to concentrate that long - break of 5-10 mins between classes
460	Placement cells should be opened for students to get a better view on opportunity. More of extra curricular activities should take place.
461	Workload can be eased in order to get more time to study. Instruments should be accessible to students for practice outside the respective practical class. Routine should be more effectively spaced.
462	No such improvements required it is satisfactory
463	* more outing sessions to be held for better learning outside books. * more mentoring sessions to be held from the first semester to the last for the future scope and better decision making of the students. * arrangement of more seminars and lectures on relevant topics for the future scope of the subject.
464	Happy with the teaching learning process.
465	1. Little less strict with submission dates. 2. Giving notes prior to lessons. 3. Giving more SOLVED questions for examination.
466	more practical classes more career oriented classes educational tours
467	* Professors should allow us to choose our own DSE courses and not force them upon us. *study materials should be directly sent to students and not through CRs because they delay it majority times. *the projector often doesn't work
468	(i) Incorporate technology to enhance student engagement and interactive learning. (ii) Promote student-centered learning through collaboration and personalized instruction.
469	*better communication *more attention * better infrastructure
470	* better infrastructure
471	More detailed interaction More seminars
472	>PRACTICAL SESSIONS HAS TO BE CARRIED OUT WITH PROPER EXPOSURE AND AMENITIES > INTERNSHIPS AND TRAININGS SHOULD BE ARRANGED
473	1. May be some more few technologies . 2. Increase of faculties 3. The way they teach makes things easier for us to understand.
474	More focus on field work and extra curriculars. More focus on practical based work rather than just theory.

526	I think we need more interactive sessions where each one of us could participate in extra curriculum activities .
527	no additional feedback
528	More focus on university question practice
529	Teachers can use ppts for teaching and for better understanding. They should provide soft copy of notes for reference. Make the classes more interactive.
530	The overall teaching-learning process is satisfactory, I have no suggestions as of now.
531	1 . more modern technology should be used by the teachers. 2. my teacher was very nice, and helpful so I don't have any other problem-related teaching they use to explain very well, with examples, etc
532	-Teachers may be a bit more friendly for better interaction. -doubt clearing sessions -rest all is great
533	They are already doing their work very well.
534	I would really like the college washrooms to have a jet spray because its very inconvenient to use the washroom rightnow, would really appreciate if the washrooms are more hygeinic and clean.
535	Teachers should indulge in practical learning rather theoretical
536	As far as teaching is concerned, I do not have any such recommendations! I feel the teachers are great.
537	ok
538	Faculty should focus on giving practical training rather than just dictating. They need to conduct classes properly
539	The teachers and professors are doing a great job at teaching.
540	The students aren't given enough opportunities of placement as promised before the admissions. The college has a very poor infrastructure. The college will only promote curriculum and nothing else.
541	the faculty needs to connect with the student the need to help us in our difficulties
542	Outreach programmes. More fluid learning. Unorthodox teaching styles
543	teachers should understand the problems. If a student is poor in some activity or in some skill they should pay a little attention and should guide them properly instead of makinf fun of them or instead of praising themselves.
544	I am satisfied with this college and I am greatly honored with teachers facilitates for their support
545	BE INTERACTIVE NEED TO RESPOND GIVE INFORMATION EARLY

546	Few of the teachers are excellent in teaching and never hesitate to overcome student doubts. - Classes were taken regularly - Project supervision and guidance was exceptionally helpful
547	The practical experience is very good.

UG Students Remarks for Semester II , IV & VI
College is very good. Teachers are very cooperative and helps us to learn in a best possible manner.
Good teaching skill and friendly
Overall I am very grateful to be able go to a college of my choice,and attain a quality education to better myself for my future
Overall SSC is good for students growth and learning new things.
I hope the college gives students a lot of support and opportunities when the time comes to plan our future careers. So far mostly satisfied being a student here.
The overall feedback is good. The teachers are very supportive. The seniors are always ready to help and guide us. The classroom environment is great.

Aforesaid remarks
Am proud to be a student of this esteemed institution.
Satisfied
Canteen must change its taste Bathrooms must be a bit clean
Moderate.
Please look into the issues.
The library of our college is really good. Thankyou for managing it so well.
Good.
I am very glad to be a part of this institution. Thanks to all the professors to make the classes so interactive.
I have enjoyed my college life to the fullest. Education Dept teachers are the best.
Need to improve at some aspects
Please change college classes timings. They don't provide food that early and the cafeteria is also closed by the time we reach. We would be able to be better rested and perform better in class if the classes are held later than they are.
The teaching learning is far better than other colleges over here.
Good institution but needs improvement in a lot of ways, also please give us summer vacation, we are humans just like school students
REALLY WANT HELP WITH RESEARCH PROPOSAL AND PRACTICALS.. OVERALL GOOD
Somethings can be done in Hindi also not everything has to be done in Bengali....like we celebrate Bengali language and literature we can celebrate Hindi too and also
Please take into account everything written under the serial no. 22 and 23 . Please please please look into those matters. Specially the last one(srl.no 24)
None
Please act like a normal college and let us live our college life.
College should provide more co - curricular activities .
Hope in future it will quit better service will give
Interiors are good, libraries are best in our college and the teaching facilities are good.
College interior are good and library is the best in the college, and the teaching faculties are good.
College could use the suggested improvements. It could be better.
It's our last feedback form:(
Please take into account whatever I have written
Overall the institution is a good academic platform having a very good infrastructure but the institution also needs to work on the several other aspects mentioned above.
overall a good institution but the provision of summer vacation should be taken into account and improve in more ways as mentioned in the feedback.

UG Students Remarks for Semester II , IV & VI
extra curricular activities should be encouraged more
Not satisfied with this college, it's like another school but more mentally and physically draining.
I AM HAPPY WITH MY COLLEGE
Overall the teaching-learning process in this college is smooth and pleasant. If few above listed issues are resolved, it will be a great institution to study in.
.
The teachers are highly capable and place efforts to communicate effectively as much as possible.

Shri Shikshayatan has been a great experience for the past 3 years and i am really going to miss everyone. Thank you so much.
Excellent
Excellent
The overall experience is good . But some focus is need to be given in extra curricular activities.
More initiatives for extra curricular activities needs to be taken.
It be beneficial to all students if the professors could inform us about the cancellation of classes before the commencement of classes. At least 4-5 hours early.
ALL THE TEACHERS ARE VERY ENCOURAGING AND HELPFULL
Thank you for letting us put forth our opinion. It really matters.
Good.
More exposure should be given towards internship programs
Overall it's a good experience to be a part of this college.
Overall I can say I am enjoying my college life.
good
the faculty members are highly educated and experienced which makes communication easier. and SSC also provides many cultural and social activities. overall SSC is a top-notch institution which provides best educational experience.
OVERALL,I AM SATISFIED TO BE A PART OF THIS INSTITUTION.
Very Very POOR
I will be grateful if the problem areas are addressed. Otherwise, so far, it has been a very enjoyable experience.
all
Very good college.
Good faculty
The faculty is good but they should allow us to use the playground.
Our college is very good overall teachers are very helpful
Overall, the college provides us with convenient and appealing methods of teaching. It benefits us with its talented teachers and important services.
i personally have learned a lot from the institution as well my professors and had some wonderful juniors a space which always allows growth and progress and enormous opportunities are given to us.
SHRI SHIKSHAYATAN IS ACTUALLY A VERY GOOD COLLEGE.

Overall good
Leaving very few things out college is a Good one specially on the teaching learning part.
Much satisfied towards the teachings provided by my professors . Thank you for guiding us!
Good
Shri shikshayatan has always been extraordinary in every manner
Being a final year student of the college enjoyed the teaching learning process with a bunch of wonderful teachers who helped us everytime.
The overall academic environment is good in our college.
Needs to add co curricular activities
Overall good
Overall satisfied with the faculty of the college.
I am overall extremely satisfied with my college.
Good institution, needs a bit improvement and please do provide us with summer vacations, afterall we are humans
Good infrastructure but needs some improvement
1. Good infrastructure but needs more improvement.
the institution is good, teachers are very good, teaching techniques are very nice but modern techniques also should be used more frequently.

Srl No.	Remarks
1	Forever grateful to be a part of this institution .
2	My overall experience in this college was good co-operative teachers nice ambience to study. it would be great if college helpline numbers are a little more responsive.
3	Excellent
4	The college should arrange co curricular activities for the mcom department students.
5	Had a moderate experience studying here
6	Good.
7	Thank you for providing this feedback form.
8	Please include the pg students in some college programme and activities too. We would love to celebrate and create memories.
9	I hope that my feedback and suggestions will be considered and looked into as soon as possible.

14	â€¢ inform on time about internal and external
15	Everything is ok. But providing information is not on time to the students. We use to wait so long for any notice. As the faculty provides it before 2-3 days of execution. Because of that outstation students faces many problems but they even don't understand it. Other problems are office management they never pick up the calls on time. And never give any clarification.
16	No suggestions
17	There is not even a single programme or activities arranged for mcom department. So the college should surely work on that.
18	<p>Canteen should provide more food.</p> <p>Provide information a little sooner if at all possible.</p> <p>Fill the sanitary pads so that they can be used when needed.</p>
19	Otherwise great

1	The institution should provide placement.
2	* The college has a space crunch, I guess this cannot be solved. All others are okay.
3	â€¢ Classrooms can be a bit more spacious with more aisle space between benches
4	1. College cafeteria 2. Uncorrupted wifi 3. Proper servicing of the air conditioners in the classroom
5	All the aspects are perfect
6	N.a
7	1. Installing projectors in pedagogy rooms 2. Improving canteen facilities
8	Nothing as of now
9	1) B.Ed. library should equip itself with more variety of books, specially with books for some competitive exams. 2) Canteen facilities need to be improvedâ€” more food choices should be made available, the cook needs to work fast. 3) Green spaces should be accessible to all.
10	My class is having very small space to walk many at times I get hurt with the benches I need you space or at least proper space to walk and to get in
11	Shri Shikshayatan College is a fine institution. It does not need any further improvement where infrastructure is concerned.
12	1) Regarding space
13	Important notifications regarding payment of fees must be given well before time of the final date.
14	More subjects options should be made available for the B. Ed. Course such as Education, Philosophy, Sociology, Psychology etc
15	1. Hand showers would be better for us for sanitation purposes.
16	â€¢ More variety of food is required in the canteen â€¢ Students should be allowed to click pictures of question papers in the library so as to save time as writing the questions down by hand is quite problematic with the vast number of practicums. â€¢ Computer practical should be introduced for b.ed students to get a better understanding of ICT.
17	More spaces between benches as feet gets stuck and hurts during movement. Regular maintenance of electrical appliances. More number of washrooms according to the students capacity of every floor.
18	-A bigger classroom, because a hundred students in the current classroom feels a little stifling. -A longer lunch break.
19	1. In B.Ed., proper classrooms need to be provided to the different departments. It is extremely inconvenient that the balcony has been remodeled into classrooms. There is also a space crunch in classrooms. 2. The behaviour of the security guards especially are sometimes extremely rude. 3. Many fans and lights are not working properly in the classrooms. They need to be checked and proper lighting and ventilation need to be ensured.
20	â€¢ Library should lend book for atleast 15-20 days. â€¢ Toilets must have hand shower. â€¢ Mathematics classroom can be better.
21	I do not have much to add

22	*organising excursions and educational tours in and outside the city *
23	1. An intmation of 1 month period prior reminder before fees submission. 2. Organisation of more student exchange programes
24	The B.ed toilets (Western) do not have jet sprays which is unhygienic and causes inconvenience to the students. A college of this standard where it is charging a good amount of money should maintain a good hygiene system.Regular cleaning of the washrooms.Students are contracting diseases from bad sanitation facility.
25	Very well maintained
26	1. Hand shower must be installed in the washrooms for proper sanitation.
27	1. Sanitation facility
28	1) Proper Canteen facilities 2) Jet sprays in washrooms 3) More comfortable sitting benches
29	â€¢ The teachers need to be empathetic of the students' problems â€¢ The college should establish a placement cell for the B.Ed. department â€¢ The college should emphasise on the overall development of the class rather than making only certain people work for all the programmes â€¢ More infrastructural expansion should be undertaken by the college, especially for the B.Ed. department
30	â€¢I think our college excels in infrastructure but the benches in our class are a bit uncomfortable. The edges are pointy and the plywood is not comfortable at all to sit for majority of the day. That's all. Everything else is fine.
31	Department should be more organised and should provide us with placement opportunities
32	Canteen
33	1. The electric appliances like fan and AC should be frequently maintained. As the fan regulator doesn't work.
34	Nothing. All good.
35	No, other aspects are not needed to fulfil every thing is perfect and accurate
36	Improvement of canteen
37	1. The Library needs better books 2. Wifi should be provided 3. ICT should be used
38	. Clean canteen. . Better maintenance of washroom. . Fans and lights should be well maintained.
39	1. Classroom space can increase a bit. 2.Canteen food and facilities should be improved.
40	College should have its own campus.

93	1. Quality of recruitment. Innumerable degrees do not ensure the quality of a teacher. It is their performance and effective teaching techniques that determine the quality. This is upsetting to see in a mainstream college like SSC, that too in the heart of the city, there are faculties who struggle to dictate notes even. 2. In a room full of 90-100 students, using a microphone can be a lifesaver on both the teacher's and students' part. I would request the college authority to look into this kindly.

94	More spacious classrooms Better Canteen services
95	Nothing to comment on.
96	Canteen facility must be improved. Washroom sanitization should be improved. Classroom sanitization also must be improved.
97	1. Libraries should make "L" marked books available in online library, for every student during their course time. Sometimes we don't get access to these books while on vacations or special holiday's like heat wave and our files get late on submission. Even for those who satays at far distance it's not easy to always stay back and do the study time. 2. Our water purifier needs an update. The water doesn't taste and look good. Most people buy water from outside.

They should strictly stick to English. â€¢ Copying notes is not intellectually stimulating. That's what we do for majority of the day. Instead, teachers should send all the notes at the start of the semester and explain them all in class. â€¢ Teachers should send the notes in order of the paper instead of sending them randomly. A lot of time is wasted in gathering notes and half of them are in the copy and the other half is in PDFs. It gets very confusing. The teachers already have the notes and they give the same thing to every batch so should we not organise them once once and for all instead of making the students do it every year?

Teachers Remarks

Srl No.	Remarks
1	Space SHORTAGE, long college hours for students AFFECT teaching learning to some extent. Though the LIBRARY has sufficient number of TEXT BOOKS, more reference BOOKS, particularly FOREIGN publications, subject based ENCYCLOPAEDIAS should be available.
2	Satisfied of being a TEACHING STAFF of this Institution
3	Satisfied
4	Done
5	Satisfied
6	Peaceful working environment.
7	The college is continuously improving, so are we
8	WARM and vibrant working Environment.
9	I am happy working with such well ORGANIZED institution which makes me feel more comfortable and confident.
10	i am really indebted to my institution for giving me the opportunity to work here.
11	The facilities for the faculty members should be enhanced. The available resources are not adequate.
