**BRIEF DESCRIPTION:** Library Day was organised and celebrated by commemorating the birth anniversary of Rabindranath Tagore. Students were encouraged to perform remembering the contributions of Tagore. This had engaged them into creative and collaborative activity that had also involved teachers into coordinating with students. This collective initiative continues to help students in honing both artistic and leadership skills. On this occasion, this year the Cultural Committee, with the help and coordination with Social Welfare Committee of the College, donated stationery items to Dakshin Kolikata Sevashram.

**OUTCOME:** As part of commemorative days' celebration, celebrating Rabindranath Tagore's birth anniversary as Library Day helps us reminisce his contributions to social and cultural life and education. As he believed that the unbounded enlightenment and ardent expressions of human souls can find better avenues to explore through a library and reading room, this celebration encourages students to realise the relevance library and physical books, particularly in this digital era.
