OUTCOME:

The Anti-Ragging Week was observed in the College from 12th to 18th August 2026, with a variety of activities involving the students, following the guidelines of the UGC Anti Ragging Cell. It was an attempt to raise awareness among the new students about the harmful effects of ragging. The aim was to highlight the importance of a safe and secure campus for all our students. The guest speakers spoke about the different forms of ragging, gender-based violence and various existing laws and regulations to tackle these social evils. The insightful and informative lecture series was effective for all the Semester 1 students who attended the sessions. The enthusiasm among the students to participate in the other events held during the Anti-Ragging Week, namely the students’ walk, slogan competition and logo designing competition was remarkable. This reflects their concern about the menace of ragging in higher educational institutions and their strong will to ensure that they support a ragging-free campus where they all will enjoy studying and learning together with a free mind and a friendly ambience, without any fear of ragging.
