Students Participants from Other Institutions: 52

Resource Person/Quiz Master: Dr Parthasarathi Goswami, Chief, Department of Neurocritical Care and Neuroanesthesia, Park Neurosciences Centre

Learning Objectives:

1. To foster interdisciplinary engagement and deeper linkages across disciplines and institutions for a more holistic learning experience
2. To enhance knowledge retention, critical thinking, and engagement with the subject matter. To promote teamwork and collaboration, as students work together to find answers and strategize.
3. To encourage students to actively recall information, develop quick thinking and problem-solving skills, and build confidence.

Brief Description of the Event:

Keeping in mind the tradition of observing World Heritage Day, the Department of History, Shri Shikshayatan College, organized an intercollege quiz on 19 April 2025. The event saw a thumping response to its the call for participation from various colleges and universities of the city, with seventy quiz participants from around 30 institutions. The quiz was conducted by quiz enthusiast, Dr Parthasarathi Goswami, Chief, Department of Neurocritical Care and Neuroanesthesia, Park Neurosciences Centre.

An inaugural program on the heritage of India through the textile traditions of various states of India was showcased by students of the Department which was much appreciated.

The quiz saw a robust participation in both the preliminary and final rounds. The winning teams were from Presidency University, Loreto College, and Rabindra Bharati University in first, second, and third positions respectively.

Learning Outcomes:

1. Students were exposed to diverse perspectives and challenges from different backgrounds, fostering a wider understanding of various fields of knowledge
2. Helps identify areas where students need more study, allowing them to focus their learning efforts effectively.
3. Intercollege quizzes often involve teamwork, requiring students to

communicate effectively with each other and negotiate strategies to solve problems, enhancing communication, and collaborative skills.
