

Name of the Event: Harmony Meet I

Organised by: The Department of Political Science

Date: August 5, 2026 (Wednesday)

Time: 2:10- 4:10 pm

Venue: Room 303

No. of Participants:

Students: 31

Teachers: 4

Brief Description of the Event: Of the two student-led initiatives of the department, Harmony Meet allows them to showcase their talents in the domain of arts. Conceived during the COVID Lockdown by former faculty member Dr Mandar Mukherjee to involve students with the department and celebrate their talents, over the years, students across semesters have come together to organise the meets, while faculty members and others assume the role of audience. This time, the students demonstrated their prowess in Photography, Painting and Dance. Additionally, they created slides to complement the expositions of their art and photography. Furthermore, this was the first departmental event for the new batch of Semester I (2026-2030), where they gained the opportunity to interact with the senior batches and were encouraged to participate in the next editions of Harmony.

Outcome:

The students, through initiatives led by them in the department, assume greater responsibility in coordinating events, which adds to their coordination capacity. Furthermore, they are provided with a non-judgmental space to showcase their talents.
