

REPORT ON CAREER AWARENESS PROGRAM ON ACTUARIAL SCIENCE

03.08.2026

Name of the Event: Career Awareness Program on Actuarial Science

Date: 03.08.2026

Time: 10:30am to 11:30am

Venue: College Auditorium

Number of participants: 300

Name of Speakers: Mr. Vikas Newatia and Ms. Chunku Pani

Outcome: The session successfully enhanced students' understanding of actuarial science and its significance in the insurance and financial services sector. Students gained valuable insights into the role of an actuary, the qualification pathway, the skills and competencies required, and the wide range of career opportunities available in the profession. The interactive discussions and practical insights shared by the speakers helped clarify students' queries and broadened their perspective on actuarial science as a rewarding career option. Overall, the session inspired students to explore the actuarial profession and enabled them to make more informed decisions regarding their academic and career aspirations.
