BRIEF DESCRIPTION OF THE EVENT

A special lecture on Company Law was organized to provide participants with practical and theoretical insights into key aspects of corporate legislation. The session focused on important provisions of company law, recent amendments, and their implications for corporate governance and compliance. The lecture was delivered by an expert in the field, who shared real-world examples and addressed current challenges faced by companies. The event aimed to enhance legal awareness, clarify complex concepts, and enrich the academic and professional understanding of the participants.

OUTCOME

After attending the special lecture on Company Law, students were able to:

- Gain a clear understanding of fundamental concepts and key provisions of Company Law.

- Develop awareness of recent amendments and their practical implications for companies.
- Understand the importance of corporate governance, compliance, and ethical business practices.
- Enhance their ability to analyze legal issues related to company formation, management, and regulation.
- Improve critical thinking by relating theoretical knowledge to real-world corporate scenarios.
- Build confidence in applying Company Law concepts in academic work and future professional practice.
