

## Special Lecture Report

- Name of the event: Special lecture: Sharing of research experience
- Organized by: Department of Chemistry, Shri Shikshayatan College
- Date: 08/05/2025
- Venue: Shri Shikshayatan College
- Number of participants:
  - Students: 23
  - Faculty: 03
- Resource persons:
  - Dr. Bornita Das, Assistant Professor, Department of Chemistry, Shri Shikshayatan College, Kolkata, India. (Phone No. 9804463998, e-mail: bornitaiicb317@gmail.com)
- Brief description of the event: Dr. Bornita Das, faculty of the department of Chemistry, Shri Shikshayatan College, shared her research experience as DHR Woman Scientist in Indian Institute of Chemical Biology, where she worked prior to joining this institute. Her lecture was enriching, interesting, and deeply insightful.
- Outcome: Students of various departments, including Chemistry, got a first-hand account of working in an advanced research laboratory. Their questions on the ground-breaking research discussed in the lecture were addressed. This lecture will inspire students to explore higher studies and research in Science.
